TALK SAFETY WITH US
There are thousands of questions regarding safety onboard. But there are also thousands of answers. Talk safety with us – we are ready when you are.

“We make life easy for our customers by offering worldwide support and attractive service agreements.”

Andrea Isolani
Sales Manager Navigation Products, Consilium Italy srl

FOR ALL THOSE MOMENTS WHEN SAFETY MATTERS

Consilium is a producer of safety technologies for the marine, oil and gas, transport and building sectors. Our commitment goes beyond the products: We protect the lives of mothers and fathers, sisters and brothers, colleagues and friends. With representation in more than 55 countries in all time zones, we are always close to you.

STAY SAFE WITH YOUR CARGO
MARINE SAFETY TECHNOLOGY FOR CARGO VESSELS
CREATING A SAFE JOURNEY FOR BILLIONS OF DOLLARS

Cargo ships are just getting bigger and can carry well beyond 20,000 containers today, making the need for reliable and intuitive safety systems obvious. Consilium has an installed base of 37,000 fire detection systems and 4,000 gas detection systems in the marine sector. Benefit from our decades of experience and 24/7/365 worldwide support to make sure your people, products and profits are in safe hands.

EASY TO STAY IN CONTROL

One platform for all your needs

Consilium’s Common Platform is modular-based and backward compatible, making it easy to install when you need safety changes. The control panel is designed to be integrated with other systems.

PROVEN AND TESTED

We design our systems to meet all IEC and ENV requirements for personal safety (SOLAS) and the environment (MARPOL), and from hundreds of product and application approvals from major classification societies. You can upgrade while operating—no stop-up time.

SAFETY MANAGEMENT SYSTEM

Comulates an extensive monitoring system for the measurement of nitrogen oxides (NOx), sulphur dioxide (SO2) and the greenhouse gas CO2. It is a non-contact solution with proven performance and high uptime.

THE PEOPLE THAT MAKE THE WORLD GO AROUND DESERVE A SAFE WORK ENVIRONMENT

Early warning of any sign of danger is crucial. We design systems that put the right stuff at the right time, saving time to safety.
